

Through our transition work, our aim at Trentham Academy is to support primary schools in the delivery and teaching of MFL so that students have an understanding of foreign language learning prior to starting with us in Year 7.

In Year 7, students study both French and Spanish. The following learning journeys show the topics covered throughout the year.

In order to support your child’s learning the following websites are useful for both vocabulary and grammar acquisition.

[www.languagesonline.org.uk](http://www.languagesonline.org.uk)

(a free website covering useful vocabulary but also offering support with grammar and tenses)
