

TRENTHAM ACADEMY

Aspire | Endeavour | Achieve

Welcome from THE HEADTEACHER

It is both a great privilege and a huge responsibility to provide our students with the best possible preparation for ultimate success in a rapidly evolving global society. Academy life at Trentham is built around the needs of our students.

I am determined that Trentham Academy delivers an outstanding, innovative education where every child is respected as an individual. Through a 'can do' culture of success, we set the highest expectations for all our students, with drive and determination for each individual. Our ethos reflects the belief that excellence in educational achievement comes from developing the whole person. At the core of our community are the values of respect, optimism, integrity and responsibility.

We have an outstanding team of staff who work tirelessly to challenge every child to Aspire, Endeavour and Achieve, which for our community means, they should dream big, work hard and persevere to be successful. This is showcased by our many successes in the field of sport and the arts, as well as academic success.

We are a truly inclusive academy, that cares deeply about our community, so that students feel safe, happy, confident, inspired to learn and achieve academically.

We value the trust and respect that the local community have in our approach and we are committed to building strong partnerships to help support, sustain and develop that community to provide outstanding opportunities for all our students, parents and carers so that their aspirations have no limits.

Trentham Academy is an exciting place to learn and explore, especially as we use apple technology to stimulate education beyond the academy boundaries, seamlessly with our Firefly Virtual Learning Environment and internal touchscreen technology. I am sure when you visit our Academy you will see why we are such a success.

A sense of TRADITION

Trentham Academy has 3 houses – Apollo, Pioneer and Voyager. The House system is led by our House Ethos and Wider Curriculum Leader, who works with the student leadership team and House Council Representatives to ensure the houses are supportive family groups which foster a competitive spirit.

The ‘Trentham Doctorate’ gives students the opportunity to be further rewarded for their participation in the wider curriculum and House system. Progress Leaders work with teams of year group tutors, supported by the Inclusion team, to ensure students receive the support they need to aspire, endeavour and achieve.

Advanced TECHNOLOGY

Trentham Academy is leading on technological innovations across schools in the area.
